# DSV utilise the European and Global capabilities of our worldwide organisation to leverage the optimum solution.

Working in conjunction with our operating divisions DSV Air & Sea and DSV Solutions we will continually adapt our solution to meet the challenges of the complex supply chains of the automotive industry. Our global experience includes the following market segments:

- Inbound material supply to OEM's
- System and component suppliers
- Service and spare parts logistics
- Motorcycle and recreational solutions
- Proto type and R&D solutions

Our solutions are based on our extensive network and services as well as our capability to build bespoke networks to provide tailor made services to ensure the integrity of the supply chain.

Working with some of the world's major OEM's and Tier 1 suppliers we have the experience and flexibility to meet any demands in the global arena from express deliveries to cross dock operations close to your plant or supplier base.

## Industry Sector Solutions

In addition to us providing solutions to the major mainstream car manufacturers we service the following automotive sectors:

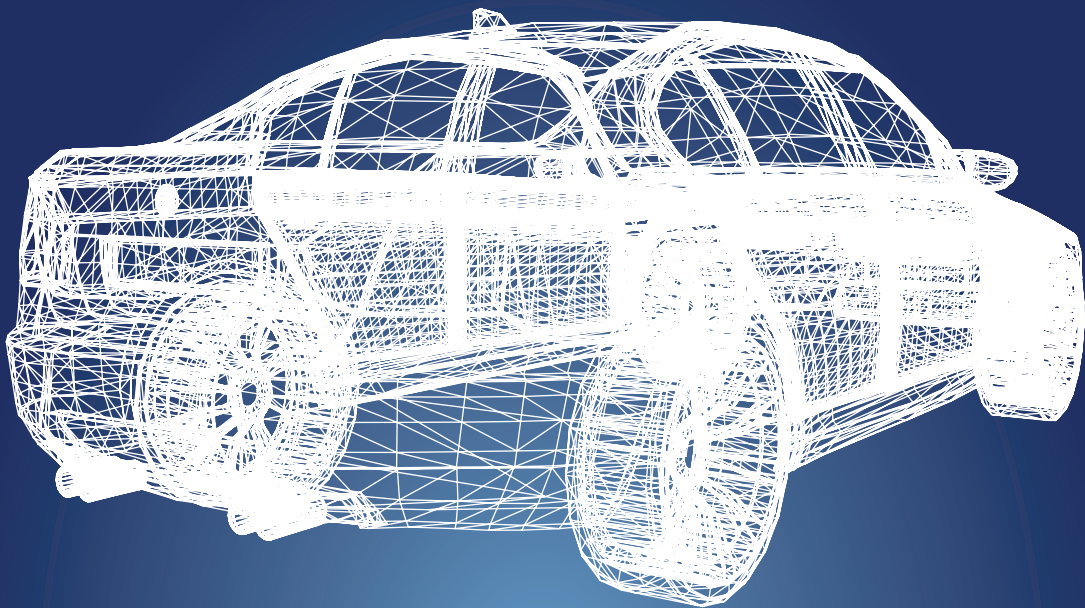

- Motorcycles, Scooter and ATV's
- Commercial Vehicles
- Bus and Coach Manufacturers
- Premium & Sports Car Manufacturers
- Racing Teams
- Heavy Off Road & Agricultural Machines

## The service offering is facilitated by all three divisions of DSV

Throughout the automotive industry we continuously see instability and rapid business change. With over 20years experience within this sector, we understand the market and the constant changes.

With this in mind, our dedicated team will face the challenges and work closely with you to build a solution that is both operationally and commercially suitable.

DSV is a global supplier of transport and logistics services. We have offices in more than 70 countries and an international network of partners and agents, making us a truly global player that offers services worldwide. The effective, professional solutions provided by the company's 23,000 employees enabled DSV to record worldwide revenue of 6.5 billion euro for 2014.
