Air & Sea Inc.

**At DSV we handle your cargo with personal and professional care, but acknowledge the risks involved in transporting goods.**

Our goal is to offer not only the best possible freight solutions, but also to handle any unforeseeable turn of events.

A freight forwarders liability is limited and will far from always fully cover your financial loss. The DSV Cargo Insurance will provide you with full value coverage. Besides giving you several other advantages, our insurance is also your best protection against financial loss, never-ending claims handling and legal disputes.

## All risks

The DSV Cargo Insurance is an all-risk insurance (Institute Cargo Clauses) designed to cover almost any kind of cargo shipped. It covers all standard commodities against accidents and mishandling as well as any other unfortunate incident causing damage to your shipment or loss of goods

## Competitive Rates

The DSV Cargo Insurance is offered at highly favorable rates and in most cases with no deductible. The premium is determined by the value of your shipment, its destination and the means of transport.

## Custom-Made

We design cargo insurance to fit your individual needs and specific shipments – whether the transportation is by vehicle, by ship or by aircraft. We offer insurance per shipment, per month or per year.

## One Stop Shopping

Why not keep it simple and make it a one-stop shopping? With DSV Cargo Insurance you can purchase your insurance while booking your shipment.

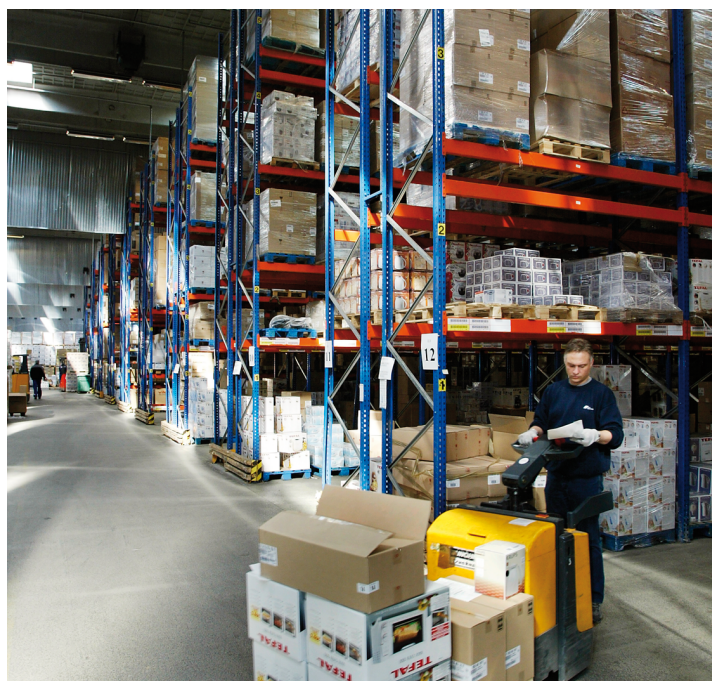

## Fast Claims Handling

We gather all information at one place. That is why our claims handling is fast and customer friendly. All you need to do is to follow simple step-by-step procedures and forward your claim.

## Full coverage

Forget about never-ending claims handling and legal disputes. In case of loss or damage DSV Cargo Insurance provides coverage equivalent to full invoice value plus up to 10%.

**Please contact your local representative for a full explanation of all risk rates and price by worldwide geographic location. Restricted countries and commodities may apply**
