

## DSV Solutions

DSV recognizes our customers' need for flexibility. Using one of our 33 multi-user warehouses, you are able to quickly respond to expanding or reducing inventory levels at variable costs.

We find the right location for storing and handling your goods, and ensure that they are optimally stored and handled as cost-efficiently as possible. We provide industry-specific solutions for your product and market needs.

### Warehousing Solutions:

#### Inbound Logistic Services

- Inspection and registration
- Unloading and palletising
- Checking for defects and damage
- Serial number registration
- Storing of products in assigned racks or bins

#### Warehouse Storage Services

- Continuous counting of stock levels
- Condition-controlled storage
- Bulk storage
- Shelf and bin locations
- Conventional rack storage
- Wide variety of location sizes

#### Outbound Logistic Services

- Outbound logistic picking principles
- Accuracy checks on sales orders, packing lists, and parcel labels
- Flexible employee pool to handle seasonal peaks

#### DSV – Global Transport and Logistics

We provide and manage supply chain solutions for thousands of companies every day – from the small family run business to the large global corporation. Our reach is global, yet our presence is local and close to our customers. 45,000 employees in more than 80 countries work passionately to deliver great customer experiences and high quality services.
